

IN SOCIAL CIRCLES

A green and white wedding was that of Miss Ethel Fleming Woodward and Mr. Walter Welsh Frazier, which took place at high noon Thursday at the Woodward home in West Church street.

From the reception hall to the north parlor is a large archway and here was built a canopy of smilax. The roping festoons of greenery were filled with white roses in profusion, making as if were a floral chapel where the ceremony was read. As Miss Mildred Woodward played the Lohengrin wedding procession the bride party descended the stairs. First came the bride's maid, Miss Edith Woodward, sister of the bride, gowned in a mes-saline empire gown with pearl trim-mings. She carried roses of the dainti-est hue of pink. Following her was the bride with her father. The bride robe was of white satin with white fringe caught with clusters of rosebuds. Her veil was of the full length with a wreath of lilies of the valley. The bridal bouquet was a shower arrange-ment of bride's roses and lilies of the valley. The bride was met at the

Confessions of a Young Housekeeper

by Barbara Boyd

Mamma-in-law's Visit.

I WONDER why the visit of the mother-in-law is always so dreaded? I have a friend whose mother-in-law came to see her and brought a trained nurse; the mother-in-law is something of an invalid. They stayed six months, and my poor friend was ready for a sanatorium when they went home. Another friend whose mother-in-law wrote she was coming to visit her was reduced to the depths of despair upon receipt of the news. The mother-in-law is rather a fashionable woman and my little friend lives very modestly, has three children and does all her own work. The advent of her mother-in-law appalled her.

My mother-in-law is coming to visit me next week. I am going to give her a lovely time. She lives on a farm and has rather a quiet life, so I am going to make things hum. I have several staunch friends and we have it all fixed.

Immediately after breakfast, before mamma-in-law can begin to poke around the house or to tell me how housekeeping should be done, one or the other of these friends is to arrive. They are going to take turns about it. They'll talk to her to keep her occupied in some way, perhaps take her out, until luncheon. Immediately after luncheon I am going to take her shopping or to a concert or lecture or sightseeing. In the evening, it's to be the theater or an affair at one of these friends' houses. By the third day she will be so dead tired and so thoroughly enjoying herself that she won't have either energy or desire to poke around and tell me things for my edification. By the end of the week, she'll be glad enough to go home and rest.

She'll probably think I am terribly gay and frivolous, but that is better than to have her sighing about my housekeeping. And she would sigh, no matter how I did it, for a daughter-in-law's ways are never a mother-in-law's. She won't be able to say much about the true inwardness of my housekeeping, and when all the in-laws back in the country want to know about the refrigerator and the cellar and the store room, she won't really be able to tell them anything. This will be an awful blow to them, and maybe when she gets back home and discovers how terrible remiss she has been she may regret it. But I scarcely think so. She'll be so full of the good times she has had that she'll want to tell all about that. The other in-laws will probably disapprove of her having gadded about so much, especially as she will have nothing to tell about me. But when a woman is just bubbling over with the good times you have given her she is going to stand your friend. And I am sure I will enjoy it myself more than listen- ing to long lectures about saving odds and ends, and making drippings in- stead of buying lard, and watching the pennies, to say nothing about dissen- sations upon the fact that if you always put things in their places there won't be any disorder.

How I Removed Pimples and Blackheads from My Face

"I have been bothered for a number of years with blackheads and pimples on my face. I have tried a number of remedies from physicians, with little or no improvement. More than a year ago I thought I would try Pinkham's Blood Purifier, and after taking it for a period of two months, I found a decided improvement. My face is now free from pimples and blackheads, and I cannot thank you enough for your wonder- ful remedy. I would be glad to let everybody know the benefit I derived from its use."—Mrs. CHARLES B. ANDERSON, Box 52, Creston, Wash.

The most common indications of impure, impoverished blood are humors and eruptions, and they are usually the fore-runner of more serious consequences which come from an unhealthy state of the blood.

All that is necessary is a good, home treatment, frequent bathing, fresh air, wholesome, nutritious, easily digested food, and the regu- lar use of Pinkham's Blood Purifier. In this way the blood is purified and enriched. Pimples, eruptions, and blackheads disappear and the complexion will become clear and healthy.

You may be perfectly sure that Pinkham's Blood Purifier is just as reliable as Lydia E. Pinkham's Vegetable Compound. Its makers could not risk their unequalled reputation among their vast army of friends by recommending a remedy that was not honest.

How to Have the Best Cough Syrup and Save \$2. by Making It at Home.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar, add 1/2 pint of warm water, and stir about 2 minutes, you have as good syrup as money could buy.

If you will then put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and fill it up with the Sugar Syrup, you will have as much good syrup as you could buy ready-made for \$2.50. It keeps perfectly.

And you will find it the best cough syrup you ever used—even in whoop- ing cough. You can feel it take hold—usually stops the most severe cough in 24 hours. It is just laxative enough, has a good tonic effect and taste is pleasant. Take a teaspoonful every one, two or three hours.

It is a splendid remedy, too, for hoarseness, asthma, chest pains, etc. Pinex is the most valuable concen- trated compound of Norway white pine extract, rich in guaiacol and all the healing pine elements. No other prepa- ration will work in this formula.

This recipe for making cough reme- dy with Pinex and Sugar Syrup is now used and prized in thousands of homes in the United States and Can- ada. The plan has often been imitat- ed but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Mrs. Bourbon Miller entertained in a charming way the members of the Wednesday Afternoon Thimble club on the club day at her home in West Church street. As the day of the meet- ing fell on the festival of George Washington's birthday the hostess ar- ranged many delightful little details symbolic of the day.

The afternoon was spent in sewing and a dinner of two courses was served. The decorations of the small tables were unique and tiny hatchets were used as place cards.

The guests for the afternoon were Mrs. David Watkins, Mrs. Frank Felix, Mrs. Chris Hermann, Mrs. Samuel Sachs, Mrs. John Sachs, Mrs. A. W. Beard, Mrs. Elliott Forry, and Miss Alice Miller.

Mrs. Lewis Clark of North Williams street will entertain the members of the Peerless Euchre club this evening.

Mrs. Frank Harvey of Buckingham street entertained her cousin, Miss Lizzie Hill, and Willa McCort at din- ner Wednesday in honor of her sister, Mrs. Alice Langill of Canton, O.

At the home of Mrs. William Zent- meyer in West Main street was noted the assemblage of the Progressive club on Wednesday afternoon. The work of the club for the day consisted of the following arrangement:

Roll Call—George Washington Anec- dotes.

The Humor of the Magazines, with Readings—Mrs. Lawrence Kreig and Miss Mary Owen.

Current Event Publications—Mrs. T. J. Evans.

The guests of the club were Mrs. John Zentmeyer, Mrs. Frank Chase, Mrs. Edward Miller, Mrs. William Mil- ler, Mrs. William Sedgwick, Miss Ruth Miller and Miss Elizabeth Owens.

The Married People's Assembly en- tertained with one of their ever en- joyable dances at Assembly Hall on Wed- nesday evening. The dance was really in the nature of a George Washington party. Steven's orchestra furnished a dance program made up of the popular airs and at 10:30 supper was served in the balcony.

The tables were arranged with fav- ors of cherries and hatchets and the national colors were used in the gen- eral decorations.

A menu of several courses was served the following: Messrs and Mesdames Daniel Altschul, C. W. Mil- ler, W. C. Miller, W. H. Mazer, Walter Scott, Kemper Scott, F. L. Beggs, J. L. Worth, Ben Jones, John Braddock, E. T. Johnson, Eugene Kos, Frank Felix, Frank Elliott, A. B. Schauweker, George Blood, Walter Ferguson, A. G. Welch, W. H. Davis, W. W. Davis, C. Harrington Davis, Charles Wesson, Fred Black, Frank Webb, Charles W. Montgomery, O. W. Stevens, James Ir- vin, Walter Upson, O. C. Jones, W. H. Knaus, W. C. Gardner, George Flory, Edward King, Frank Bolton, Mrs. Sarah Rosebrangh, Miss Marie Clouse, and Mr. John Felix and Mr. Harry Baker.

The Wednesday Bridge club was en- tertained on the club day at the home of Mrs. John Braddock in Hudson ave- nue. The club game furnished the diversion and was enjoyed by the members and following substitute guests: Mrs. Walter Scott, Mrs. Walter Ferguson, Miss Anna Orr and Miss Jo- sephine Roche.

The Sesame Needle club had for hostess on Washington's birthday Mrs. Rhoda Anderson at her home in North Eleventh street, as Martha Wash- ington in costume. The house was pret- tily decorated with the portraits of the president, and national colors. In the dining room where a dainty two course luncheon was served, was found a

cherry tree, with delicious ripe cher- ries. Small silk flags were given as favors. A unique contest was in- duced in Mrs. Edward E. Jones re- ceiving first prizes and Mrs. Walter Ashley consolation.

The guests of the club were Mrs. John Gaines, Mrs. Walter Ashley, Mrs. Edward E. Jones, Mrs. F. S. Wil- son, Mrs. Frank Owens of Granville, and Miss Cathryn Dowling. On March 8 Miss Louise Andrews will entertain the club at her home in Maple avenue.

The Thursday Afternoon Euchre club was entertained Wednesday after- noon of this week at the home of William Foley in North Fifth street. Several tables of players sat in the progressive game and the trophies were awarded to Miss Ella Rieley and Miss Mayme Heiple.

A delicious luncheon was served by the hostess, the table being arranged in the dining room. Here the decora- tions were in harmony with the hol- iday being celebrated and a centerpiece of cut flowers was used. Flags and hatchets formed the favors while the table was lighted with candles bearing red canopies.

Mrs. P. J. Glancy entertained at her home in Eighth street on Wednesday afternoon the members of the after- noon club to which she belongs. Euchre is the club game and its con- clusion was noted by the award of trophies to Mrs. George Kureth, Mrs. James Connors and Mrs. Frank Fitz- gibbon.

A luncheon of two courses was then served the players. The next meeting will be at the home of Mrs. W. T. Egan in Hudson avenue.

Mrs. Emma Suther chaperoned a party of twelve young women who formed a theatre party at the Audi- torium theatre on Wednesday evening to see the production, "The Rosary."

Miss Florence Keller entertained with an evening card party at her home in West Church street on Tues- day evening. The game selected by the hostess was euchre and five tables of players enjoyed the progressive games. Dainty refreshments were served during the evening.

Miss Helen Schaller will entertain on Friday evening at her home in West Church street with an evening card party. Five tables of players will participate in the game.

Hetuck Chapter, Daughters of the American Revolution, entertained with a most enjoyable George Washington party at the home of Mrs. Clifford Sturgeon in North Fifth street on Wednesday evening. Each member of the chapter was entitled to bring a guest and the evening was made a fea- ture.

The Sturgeon home was beautifully arranged with handsome silk flags and the national colors and red and white carnations were lavishly placed. The evening was given over to Mr. and Mrs. Amor Sharp of Columbus who proved themselves delightful enter- tainers. Mr. and Mrs. Sharp have many friends in the city who feel it a pleasure to have them with them for an evening. Last night Mr. Sharp gave a most interesting lecture on "The Many Sided Washington" and treated the subject in an extensive way. Mr. and Mrs. Sharp also enter- tained with a small musical program. Dainty refreshments were then served the assembled guests.

BANARDSDALE—FAUST.

At five o'clock Tuesday afternoon Mr. Linsey Banardsdale of Zanesfield, and Mrs. Beatrice W. Faust of Newark were united in marriage at the home of the latter's aunt, Mrs. W. H. Horvett, three miles east of the city. Rev. G. E. Barnard performed the ceremony in the presence of only the immediate friends and relatives.

Following the ceremony an elegant wedding dinner was served. Decora- tions of the table were white carna- tions and bride's roses.

Mr. Banardsdale is a clothier of Zanesfield and will take his bride to reside there after a short visit with Columbus friends—Marion Mirror.

IT'S FOOD.

That Restores and Makes Health Possible.

There are stomach specialists as well as eye and ear and other spe- cialists.

One of these told a young lady of New Brunswick, N. J., to quit medi- cines and eat Grape-Nuts. She says: "For about 12 months I suffered severely with gastritis. I was unable to retain much of anything on my stomach, and consequently was com- pelled to give up my occupation."

I took quantities of medicine, and had an idea I was dieting, but I con- tinued to suffer, and soon lost 15 pounds in weight. I was depressed in spirits and lost interest in every- thing generally. My mind was so af- fected that it was impossible to be- come interested in even the lightest reading matter.

"After suffering for months I de- cided to go to a stomach specialist. He put me on Grape-Nuts and my health began to improve immedi- ately. It was the keynote of a new life."

"I found that I had been eating too much starchy food which I did not digest and that the cereals which I had tried had been too heavy. I soon proved that it is not the quantity of food that one eats, but the quality."

"In a few weeks I was able to go back to my old business of doing clerical work. I have continued to eat Grape-Nuts or both the morning and evening meal. Wake in the morning with a clear mind and feel rested. I regained my lost weight in a short time. I am well and happy again and owe it to Grape-Nuts." Name given by Postum Co., Battle Creek, Mich.

"Knocked Daylights Out of Rheumatism"

New Rheumatism Remedy is Anti- dote for Uric Acid.

"By thunder, I got a whole case—a dozen bottles of the Fuss Rheumatism Cure, determined to get cured of my 3-year case of bull-dog inflamma- tory rheumatism. I didn't need the

dozen, you bet you—three bottles knocked the daylights right out of it and cured me completely. The other nine bottles I gave to rheumatic friends, and they are lopping around pretty lively now, same as I am. Fuss is a wonder."

This is but one of hundreds of sim- ilar reports on this amazing remedy, the only known antidote to uric acid. Furthermore, it is as safe as food, containing no chloroform, opium, mor- phine, cocaine, alcohol, ether, chloro- form or other stimulant or narcotic, not a drop.

"Fuss" gives immediate relief, and destroys uric acid in the blood which causes rheumatism, gout, lumbago and kidney trouble.

Don't hesitate but get "Fuss" and stop the agony right off and get cured. "Fuss" Rheumatism Cure sold at \$1.00 a bottle in Newark by J. W. Collins & Son, R. W. Smith, T. J. Evans and Er- man & Son, and by all leading druggists, or will be sent prepaid on re- ceipt of \$1.00 or 6 bottles for \$5.00, by the Fuss Remedy Co., Flint, Mich.

The court sentenced the defendant to pay a fine of \$30 and be imprisoned in the county jail for a period of three months. Soap is cheaper than clothes and it pays, therefore, to get the best soap, even for laundry purposes. The best laundry soap made is a white soap called "Sunny Monday," which contains no rosin and is kind to clothes. One bar of Sunny Monday will go as far as two bars of ordinary yellow laundry soap which contains rosin; its use, therefore, means economy.

Why should the Trusts and their re-
actionary champions in the Senate
dread an extra session of Congress
when they have the assurance of
President Taft that he will permit no
tariff legislation that violates the
sacred principle of Protection? Are
they afraid of the President as well
as of a Democratic Congress?

It is in the United States senate

tariff bill passed in the last genera-
tion has been doctored and rewritten

FACTS TO REMEMBER

The most important fact for the
electors to remember when they regis-
ter a protest at the polls two years
hence against the passage of the in-
famous ship subsidy grab bill by the
Republican United States senate, is
that no Democratic Senator voted for
the bill. It would also be well to re-
member that the tie vote on the bill
was a protest by those senators who
do not wear the interests' collar
against a grab to enrich a coterie of
men, already wealthy. When Vice
President Sherman, elected on the
same platform and ticket with Presi-
dent Taft, broke the tie and cast the
deciding vote, he attempted to legal-
ize a grab.

If Senator Lorimer, whose election
is in doubt because of charges of fraud,
had not voted the bill would have been
defeated. If the interests who con-
tributed the money for his election are
allied with the group of commercial
interests who would be benefitted by
ship subsidy, they may feel they have
had their money's worth in this single
strategic vote, and that the people's
victory will be barren, if Lorimer is
expelled.

Under the terms of this measure
\$4,000,000 would be taken from the
treasury of the United States each
year that it remains in force and paid
over to private ship owners, who al-
ready are millionaires, in order that
ships flying the American flag can op-
erate with profit. The \$4,000,000 is to
all practical ends a gift, but is paid
under the guise of compensation for
the carrying of mail.

Any farmer who wants to build a
new barn, out-house or pig pen or who
wishes to buy lumber for necessary
repairs, will find, when he comes to
pay his bills, how far the Lumber
Trust cuts into his income. The Lum-
ber Trust has made more sure its grip
on consumers by obtaining control, in
one way or another, by force or fraud,
of nearly all the available forest and
timber lands of the West. The trade
agreement with Canada opens up to
the people of the United States vast
sources of competitive lumber supply.
This single advantage, if there were
no other, should convince the doubt-
ing farmers where their interest lies
in weighing the arguments for and
against reciprocity. The farmer never
got any benefit from so-called protec-
tion on his grain or any other product
that would come from Canada under
the reciprocity agreement.

A CORROBORATION

Of Interest to Newark Readers.
For months Newark citizens have
seen in these columns enthusiastic
praise of Doan's Kidney Pills, by res-
idents of this locality.

Would these prominent people recom-
mend a remedy that had not proven
reliable?

Would they confirm their statements
after years had elapsed if personal ex-
perience had not shown the remedy to
be worthy of endorsement?

No stronger proof of merit can be
had than confirmed testimony.

The following statement should carry
conviction to the mind of every
Newark reader.

G. W. Harter, Helron, Ohio, says:
"I suffered from kidney complaint for
years and received no benefit from
physicians' prescriptions. I was finally
led to try Doan's Kidney Pills and
they cured me. At that time I publicly
endorsed them and I now gladly do so
again."

RESOLUTION FOR INFORMATION BY LAFOLLETTE

Washington, Feb. 23.—Two reso-
lutions were introduced in the sen-
ate yesterday by Mr. LaFollette de-
signed to bring information from the
departments of state and navy con-
cerning the contracts which private
shipbuilding concerns received from
the Argentine republic for the con-
struction of two battle ships, and
whether administration officials were
responsible for the procuring of this
business for shipbuilders.
Among the criticisms of the man-
ner of bringing these contracts to
the United States the charge was
printed yesterday that Secretary of
State Knox, through communications
to American Minister Sherrill at Bu-
enos Ayres, influenced the situa-

One of Senator LaFollette's reso-
lutions directs the secretary of state
to send to the senate any communi-
cations between officials of his depart-
ment and representatives of the Ar-
gentine government pertaining to
the construction and armament in
this country of the two battleships
in question.

A resolution calling upon the sec-
retary of the navy for information
goes much further. It demands
communications between the navy de-
partment and private ship yards and
inquires what, if any, plans of guns
or appliances pertaining to the arm-
ament of battle ships were trans-
mitted or communicated either to rep-
resentatives of Argentina or to any
shipbuilding company.

The resolution demands, further,
whether or not any plans for the bat-
tle ships being constructed for Ar-
gentina covered devices which hitherto,
through parents or secrecy, have
been the exclusive property of the
United States. The resolution goes
into a number of other subjects de-
signed to bring out any facts as to
whether naval secrets have been dis-
closed for the purpose of bringing
business from foreign countries to pri-
vate shipyards in the United States.

PEEK-A-BOO SOCKS.
Many men wear peek-a-boo socks
not because they are in style, but be-
cause their wives use inferior strong
laundry soaps. The free alkali and
rosin contained in these soaps rot the
material and as a consequence the
poor men are blamed for being "hard
on their socks."

This can be avoided by the use of
Hewitt's Easy Task soap. Twenty-five
years of use have proved its worth.

The New Fireproof Building for the
Buckeye State Building and Loan
Company, 22 West Gay Street,
Columbus, O.

The steady and substantial growth
of this progressive and conservative
company, whose assets are \$4,500,-
000, has made larger quarters really
necessary. Mr. Rankin therefore has
concluded to tear down the present
buildings at 22 and 26 West Gay
street, and to build a new building,
absolutely fireproof, in their place.
Work will begin about March 1. This
company has \$100,000 ready to loan

GRAND JURY PROBES INTO DEPOSIT GRAFT

Cincinnati, Feb. 23.—The grand jury
probe into the treasury deposit graft
took another turn today when the
cashiers of two banks were ordered to
appear and produce books showing any
dealing ex-County Treasurer Tilden
French had with their bank during
1906. French, under pressure, turned
back to the county \$50,450, he had re-
ceived for letting favored banks have
the county's money. Subpoenas were
also issued for several of French's
several close business associates and
for Charles H. and Edward M. Herring.
The last two are a mystery to at-
taches.

SAYS QUININE WILL NOT CURE!! A SEVERE COLD

You will distinctly feel your cold
breaking and all the Grippe symptoms
leaving after taking the very first
dose.

It is a positive fact that Paper's Cold
Compound, taken every two hours, un-
til three consecutive doses are taken,
will end the Grippe and break up the
most severe cold, either in the head,
chest, back, stomach or limbs.

It promptly relieves the most miser-
able neuralgia pains, headache, dull-
ness, head and nose stuffed up, fever-
ishness, sneezing, sore throat, running
of the nose, mucous catarrhal dis-
charges, soreness, stiffness and rheu-
matic twinges.

Paper's Cold Compound is the result
of three years' research at a cost of
more than fifty thousand dollars and
contains no quinine, which we have
conclusively demonstrated is not ef-
fective in the treatment of colds or
grippe.

Take this harmless compound as
directed, with the knowledge that
there is no other medicine made any-
where else in the world, which will
cure your cold or end grippe misery as
promptly and without any other as-
sistance or bad after-effects as a 25-
cent package of Paper's Cold Com-
pound, which any druggist in the
world can supply.

ITALIAN

Wanted for Homicide Will Return to
New York City Without Requi-
sition Process.

Emilio Mangotti, who was arrested
and detained by the Newark police for
the New York city authorities, who
want him for homicide, does not de-
ny that he is the man who is wanted.
He has been conducting a bakery in
East Newark for several years, and
under the name of Emilio Bianco has
built up a thriving business. Thurs-
day morning his brother, Angelo
Mangotti, came here from New York,
and the prisoner delegated him to pay
off all debts he owed and close up his
business which was done during the
day.

Mangotti told Mr. Joseph Georgetti
that he was wanted in New York for
accidentally running over and killing
a man eight years ago, and that he
has had lawyers looking after his in-
terest there since that time, and that
he assumed the name Bianco to hide
as long as possible from detection,
but that after many postponements se-
cured by his attorneys, his case was
finally called for trial, and he supposed
there could be no further delay secured
for him.

Chief Hindel expected the New York
officer here Thursday afternoon, but
as he did not come the Chief thinks he
probably went through to Columbus
to adjust all legal technicalities inci-
dent to a requisition.

This is a precaution that in this case
would hardly be necessary, as Man-
gotti will voluntarily waive his rights
to requisition process.

However, if the officer does not ar-
rive Thursday evening, habeas corpus
proceedings will be commenced to get
him out of jail.

This morning Bianco sent a fellow
countryman to the Franklin Nation-
al bank with a check for the balance
of his credit in that institution. Cash-
ier Dewey refused to pay it until the
signature was acknowledged by the
maker. Warren Suter, of the bank,
went to the city prison, but did not
ret to see the prisoner, and a little
later Chief Hindel accompanied Mr.
Dewey to the prison, the signature
was identified and the money was
paid.

Joseph Georgetti, the West Side
fruit and confectionery dealer, had a
talk with Bianco, Wednesday, and
learned enough to convince him that
the Newark police had the man who
was wanted in New York and he so
informed them. He told Georgetti
that the crime for which he was ac-
cused of in that city was the running
over a man in 1904 which caused his
death. This is in accordance with
the wording of the letter received
by Chief Hindel, which said he was
charged with "homicide," and the
word murder was not used. Of
course all murders are homicides,
but the converse is not always true.

AMUSEMENTS

LAST NIGHT'S PLAY.

Edward E. Rose's new play, "The
Hussy," is a pretty human interest
story which is at variance with the
general unrelucting feeling that per-
meates most everything of today. The
theme of a young married couple with
all its happiness is taken and the
trend of the story aims to show how
often things which seem the worst are
worked out for our betterment in the
end. The only thing that mars the
peace of this home is the atrocious
tendencies of the young husband, who
while he does not scoff, neither does
he believe. The conflict in the work-
ing out of the story lies in the battle
of the evil influence of a friend of the
family, and that of the good influence
of the good priest, Father Kelly.

The religious idea of the play is
plainly that of the Roman Catholic
church, but one need not be a Catholic
to understand the story it aims to
teach. Neither was there anything at
any time offensive to the mind affilia-
ted with this religion, at no time did
it in any way give the slightest hint
of being a burlesque.

The company was capable and the
roles were pleasingly filled. John
Drury as Father Kelly gave a deligh-
tful conception of the good, broadminded
Irish priest. Millard Vincent, as
the young husband, had a pleasing
stage personality and Le Roy Vincent
was acceptable as Kenneth Wright,
the man whose evil influence wrought
such havoc. Miss Minnie Remley played
a double role, that of the wife, Vera
Wilson and her twin sister, Alice
March, in a worthy manner.

The comedy of the play was well
worked out by John Osgood as Skeet-
ers and Glennella Porter as Lesura
Watkins, a young woman who would
not laugh.

The play was witnessed by a very
large audience and seemed to give
much satisfaction.

"BILLY, THE KID."

Not in a decade has a play of such
real heart interest as "Billy, the Kid,"
made an appeal to the young and old
alike as this offering when seen at the
Auditorium theatre, Feb. 24, promises
to achieve. None should miss the op-
portunity to see such a high class
dramatic success at popular prices.
"Billy, the Kid," is in its fourth season
and playing to packed houses every-
where.

"THE WOLF"

The mere announcement that next
Saturday, Feb. 25, afternoon and even-
ing, "The Wolf" will be presented at
the Auditorium theatre, will undoubt-
edly serve to attract an audience that
will fill our cozy opera house to over-
flowing. "The Wolf" comes to us with
the hearty endorsement of the critics
of New York and Chicago, where it en-
joyed long and prosperous runs, and
will be rendered here with a wonder-
fully strong cast and elaborate stage
settings, precisely the same in every
detail which led to its success in the
two great metropolitan cities.

The piece tells a story of life of the
Hudson Bay country, and introduces
types of characters that any one fa-
miliar with that section will readily
recognize.

Seats will be placed on sale next
Friday morning at 9 a. m.

ORPHEUM.

The MB at the popular Arcade the-
atre this week all the way through
is full of life, and not a dull moment
from start to finish. Linney, Griffin,
Embert, in a musical farce entitled
"Her Husband's Friend" is one of the
best comedy sketches ever seen here,
and every one in the act works with
an enthusiasm and earnestness that
keeps the audience roaring through-
out. Deonzo Bros., and Friday in a
sensational novelty feature are pre-
sented an entirely new foot balancing
and acrobatic act, jumping from place
to place, going higher and higher their
only foundation being champagne bot-
tles and candlesticks. Friday is the
down who furnishes the comedy,
while the Deonzo Bros. are doing this
excellent act. The Harrison-West Trio
featuring Master Pettite are an ex-
cellent three. While Master Pettite is
just a tiny tot, he is an excellent actor,
and is truly called the peer of all dan-
cing and singing juveniles. He offers
a fine line of comedy not only by his
witty jokes, but by his antics. Nick
Conway, a clever Irish comedian, is
offering the first lines of good clean
comedy that can be imagined. His
songs, especially that "Laughing
Song" is making a big hit too. This is
an act that everyone can enjoy. The
Orpheumscope has two feature films.

INSPECTION OF NEWARK B.P.O.E.

The regular meeting of Newark
Lodge of Elks held on Tuesday eve-
ning of this week, was one of the best
attended of any held in a long time,
and was largely due to the fact that it
was the occasion of the annual in-
spection of the lodge. The degrees of
the order were conferred on two can-
didates, Oliver Poulson and F. J.
Pratt, and the inspecting officer, A. E.
Dawson, district deputy, of the de-
grees, spoke in highly complimentary
terms regarding it. His talk was very
interesting and instructive. At the
conclusion of the work an elegant ban-
quet, prepared by Joseph Kuster, Jr.,
was partaken of, to which ample jus-
tice was done. The lodge is making
arrangements for a big meeting to be
held early in March, at which a large
number of candidates will be initiated.
Owing to the largeness of the class it
is quite possible that the work will
commence in the afternoon, and that
a supper will be served at six o'clock,
to be followed by a continuation of the
work.

OIL GUSHER NEAR LICKING COUNTY IS A SENSATION

The Columbus Gas and Fuel com-
pany's gusher near Gratton, Mis-
sissippi county, continues to be the
sensation of the day. It is producing
about two barrels of oil a day, and
gives every indication of keeping on
the good work, at a rate which will
strike in this section of a state.
The Ohio Fuel Supply company has
not yet begun drilling for the reason
it has much land under lease. How-
ever, and favorable weather will set
the machinery in operation.

In marked contrast to conditions
which formerly existed, every com-
pany now in business in the Mis-
sissippi field is a legitimate concern,
actually drilling for oil. A few years
ago there were numerous companies
which were stock selling propo-
sitions pure and simple with little or
no real connection with the oil busi-
ness. The activity of the postoffice
secret service has brought many of
these promoters to grief, however,
and they have grown much more wary.

CANADA

ANSWERING ANNEXATION TALK. MONARCHS LOYALTY TO GREAT BRITAIN.

Finance Committee of Senate Hears
Arguments on the Wood Pulp
Question.

Ottawa, Ont., Feb. 23.—The Canadian parliament yesterday formally declared political loyalty to Great Britain. The declaration was made as an answer to allegations that reciprocity with the United States would result in annexation.

Neither the government nor the opposition intended to make this declaration when the house opened at 2 p. m. yesterday. They were surprised when the proposal was sprung upon them from the French Nationalist group, which has been freely charged with disloyalty for its stand on the naval issue.

Sir Wilfrid Laurier and R. L. Borden, finance minister, had planned that the reciprocity debate follow its regular course, and the prime minister had moved the house into committee for that purpose, when F. D. Monk, the chief French Nationalist, declared that in Canada, the United States and Great Britain, some public men and a part of the press had stated that annexation was bound to follow reciprocity. He believed that there was no genuine annexation sentiment in Canada and that a statement to that effect should be formally made. He therefore moved an amendment declaring that, with a view to dispelling the feeling of unrest created in Canada by comments made in the United States and Canada as to the political consequences of the agreement, the house wishes to affirm emphatically its determination to preserve intact the bonds which unite Canada to the British empire and the full liberty of Canada to control her fiscal policy and internal autonomy.

Sir Wilfrid Laurier, the government leader, said that Canada is not to be driven from a good bargain by a false scare about annexation, and that the proposed agreement would never result in Canada's severing connection with Great Britain. On behalf of the government and its supporters, he accepted Mr. Monk's motion.

WOOD PULP QUESTION ARGUED.

Washington, Feb. 23.—The senate committee on finance, which is conducting hearings on the McCall bill to carry out the provisions of the Canadian reciprocity agreement, yesterday took up the wood pulp and print paper provisions of the bill.

The first witness was Representative Swasey of Maine, who protested against the passage of the bill. He spoke on behalf of 11 paper mills in his district. Mr. Swasey denied the existence of a paper trust. He declared there is no need to open up Canadian forests because there is pulp wood enough in this country to supply all demands.

The pulp and paper clause of the agreement was defended by John Norris, chairman of the paper committee of the American Newspaper Publishers' Association.

CAUSES 95 PER CENT OF DISEASES

Advice Concerning Stomach Troubles and How to Remedy Them.

Do not neglect indigestion which leads to all sorts of ills and complications. An eminent doctor once said that ninety-five percent of all the ills of the human body have their origin in a disordered stomach.

A physician who made a specialty of stomach troubles, particularly dyspepsia, after years of study perfected the formula from which Rexall Dyspepsia Tablets are made.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be the greatest remedy known for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistency and regularity for a short time brings about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets will insure healthy appetite, aid digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, prices 25 cents, 50 cents and \$1.00. Remember you can obtain them only at our store—The Rexall Store—Hall's Drug Store, 10 North Side Square.

HOW TO STOP PIMPLES

In Five Days You Can Get Rid of All
Skin Eruptions by the New
Calcium Sulphide Wafers.

Trial Package to Prove It Sent Free.

Any man or woman gets awfully tired going around with a pimply face day after day. And other people get awfully tired, too, seeing them go around with faces full of disgusting pimples.

If you are one of the unfortunates who can't get away from your pimples, and you have tried almost everything under heaven to get rid of them, take a few of Stuart's Calcium Wafers every day. Do that steadily for a few days, and in less than a week look at yourself in the mirror.

You will then say that Stuart's Calcium Wafers are a wonder in getting rid of the eruptions.

These wonderful little workers contain the most effective blood purifier ever discovered, calcium sulphide.

No matter what your trouble is, whether pimples, blotches, blackheads, rash, tetter, eczema or scabby crusts, you can solemly depend upon Stuart's Calcium Wafers as never-failing.

Stuart's Calcium Wafers have cured boils in three days and the worst cases of skin diseases in a week. Every particle of impurity is driven out of your system completely, never to return, and it is done without deranging your system in the slightest.

Most treatments for the blood and for skin eruptions are miserably slow in their results, and besides, many of them are poisonous. Stuart's Calcium Wafers contain no poison or drug of any kind; they are absolutely harmless, and yet do work which cannot fail to surprise you.

Don't go around with a humiliating, disgusting mass of pimples and blackheads on your face. A face covered over with these disgusting things makes people turn away from you, and breeds failure in your life work. Stop it. Read what an Iowa man said when he woke up one morning and found he had a new face:

"By George, I never saw anything like it. There I've been for three years trying to get rid of pimples and blackheads, and guess I used everything under the sun. I used your Calcium Wafers for just seven days. This morning every blessed pimple is gone and I can't find a blackhead. I could write you a volume of thanks. I am so grateful to you."

Just send us your name and address in full today, and we will send you a trial package of Stuart's Calcium Wafers, free to test. PROPOSALS

Come Thick and Fast to Divorced
Woman, Who Will Wed Today,
After Being Engaged 18
Times.

St. Louis, Mo., Feb. 23.—After being engaged 18 times, but exercising woman's prerogative in each case and receiving 25 proposals in a year since she was divorced, Mrs. Vera Widen-Schatzman finally said yes to LeGrand Jones, and they will be married this evening.

In confirming the report of the engagement, Mrs. Schatzman declared that she was very happy. "Do you know," she laughed, "I've been engaged 18 times since my divorce. I've had 25 proposals and accepted 18 of them. One of the chaps who proposed to me was an Italian count, but I rejected him."

Mrs. Schatzman got her divorce from T. Aubrey Schatzman a year ago. The domestic troubles of the Schatzmans had attracted much attention because, when they parted, Mrs. Schatzman announced that it was a trial separation, to see whether they could get along without one another. She went abroad after she got her decree, and at Paris she took a balloon trip with the maharaja of Cooh Behar, an Indian prince, with whom she corresponded before her marriage.

THINK HOFMAN FOUR FLUSHER

Chicago, Feb. 23.—That Artie Hofman has been running a "four flush" and is nothing but a "measly hold-out after all" is the verdict of Chicago ball fans here today, following the conference between Hofman and Murphy before the former left for his home in Akron last night. The fans believe that the outfielder will be back in the Windy City when the season opens.

"Of course he'll come back," is Manager Chance's opinion.

RHODE ISLAND ENDEAVORERS.

Olneyville, R. I., Feb. 23.—The Christian Endeavor Union of Rhode Island held its silver jubilee convention in the Broadway Baptist church here today with a large attendance of delegates and visitors. Prominent clergymen and organization workers from Massachusetts, New Jersey, Connecticut and other states were among the speakers.

SUFFRAGETTES

HAVE THEIR INKING IN A THREE
HOURS' ARGUMENT BEFORE
LEGISLATURE.

Both Sides Argue Votes for Women
and One Speaker Declared Eng-
lish Methods Should Be
Adopted.

Albany, N. Y., Feb. 23.—Mere man was essentially a minor factor in the assembly chamber yesterday when the joint judiciary committees of the senate and assembly gave a hearing on the woman suffrage bills. Aside from the committee members, only a few men were able to procure seats. Even the chairs usually occupied by newspaper men were appropriated by suffragists and antis.

For three hours the battle waged, and at its conclusion Chairman Baine announced that the measures would be taken up in executive session by the committees next Tuesday.

Both sides put forth their best speakers.

The anti-suffragists who spoke included Miss Margaret Doane Gardiner of Albany, who declared that there is "nothing dignified about a suffragist." Miss Margaret C. Cummings of New York, a school teacher, although one of those "poor down-trodden workingwomen," the suffragists speak about, said she had never felt the need of a vote. Richard Barry, an investigator, who described the conditions of today in the suffrage states, and Miss Alice Hill Chittenden urged the committee seriously to consider the arguments of both sides before deciding the question, and not to report the bill because the suffragists had asked for it.

Speaking from the suffragist standpoint, Mrs. W. W. Penfield, representing the woman suffrage party, bluntly told the committee that it was proposed to carry on the suffrage campaign in this country as it has been carried on in England if it became necessary, although Mrs. Penfield was not sure that her American citizens would be quite so militant.

Miss Leonora O'Reilly was applauded when she propounded this question to the antis:

"If you do not want to vote why should you oppose those who really desire and need the ballot?"

It was not answered.

Mrs. Minnie Reynolds of Colorado talked in a breezy, western style, declaring that women, if enfranchised, would not desert their homes, husbands and children by "chasing around for votes."

Mrs. Harriet Stanton Blatch, Mrs. Vladimir Simkhovitch and George Creel, the latter from Colorado, where women vote, were heard, after which Mrs. William F. Scott was heard in rebuttal for the antis. She said women are throwing away industrial opportunity and wasting their time. She refuted the statement of one of the suffragists that child crime was not on the increase in Colorado, a suffrage state.

Rev. Dr. Anna Howard Shaw, president of the new association of suffragists, summed up for her side in a witty speech in which she said the government has taxed the clothes of the women in the east in order to pay for irrigation in the west and that if women had the right to vote this would not be the case. Referring to a statement made by Mr. Barry that he had seen women sell their votes in Colorado, she wanted to know if suffrage was not good from a financial standpoint at least.

CURES COUGHS

After Ordinary Preparations
Fall—Wonderful New
Mixture Made At
Home.

An investigating chemist of national reputation just recently discovered in a compound known to the medical world as essence mentho-laxene, a most wonderful virtue as a curative, laxative cough syrup, and the best part of it is, it can be made at home about 8 times cheaper than one can buy labeled cough syrup. It immediately relieves the severest cases of asthma, bronchitis, coughs and chronic colds on the lungs and it effects a cure, too, because it has a laxative action when 8 to 10 doses are taken daily. In very short order it will loosen the tightest cough and one can feel it "taking hold" in its curative action. Obtain of the druggist or have him order from wholesale firm 2-1-2 ounces essence mentho-laxene. Empty it into a pint bottle. Make a syrup with a pint of sugar and a half pint of boiling water, stir and let cool. Then fill up the bottle with syrup, shake well and take a teaspoonful 8 to 10 times daily or as needed. Give children less, according to age. It is very pleasant to take.

AMERICAN

Seriously Wounded While Inspecting
Outpost of Rebel Camp—Was
Member of Insurgent Band.

Mexicali, Mex., Feb. 23.—An American member of the insurgent band, said to be W. E. Clark of Cincinnati, O., was seriously wounded last night in a mysterious manner, while inspecting an outpost of the rebel camp. According to one version of the incident Clark was shot by a Yaqui Indian, a scout.

The Indian is now under arrest and may be sentenced to be shot by the rebels.

General Berthold alleges that the wounded man accidentally shot himself while climbing over a wire fence.

Berthold bitterly denounced the American Red Cross, saying it had refused to send a surgeon to attend Clark.

Cincinnati, Feb. 23.—W. E. Clark, the American who was seriously injured at Mexicali last night, is a Cincinnati, having left his home here last June. His sister, Mrs. Lillian Macklin, says that Clark was in Los Angeles ten days ago and had written her from there stating his forces in Mexico. Clark is a graduate of a local school of embalming and intended of joining the revolutionary and well known here. He is 22 years old.

Tortured for 15 Years
by a cure-defying stomach trouble that baffled doctors, and resisted all remedies he tried, John W. Modders, of Moddersville, Mich., seemed doomed. He had to sell his farm and give up work. His neighbors said, "he can't live much longer." What "till I tried Electric Bitters," he wrote, "worked such wonders for me that I can now eat things I could not take for years. It's surely a grand remedy for stomach trouble." Just as good for the liver and kidneys. Every bottle guaranteed. Only 50c at F. D. Hall's.

TOURISTS HOME FROM PANAMA

New York, Feb. 23.—After a complete circuit of the Caribbean Sea, the Steamship "Moltke," of the Hamburg-American Line, returned yesterday with 330 enthusiastic tourists. Excellent weather was enjoyed throughout the cruise, and all on board were well.

The longest stop was made at Havana, and practically the entire ship's company watched the work of raising the "Maine," visited the historic fortress and other points of interest throughout the city. A day was spent in visiting the great sugar plantations. San Juan and Kingston were visited in turn on the way to Colon, when practically all the passengers crossed the Isthmus to Panama, by special train, with convenient stops to examine the great engineering work in progress. Two calls were made in South America at La Guayra and Puerto Cabello, when the "Moltke" turned homeward, touching at the principal island ports. Port of Spain, Bridgetown, St. Pierre, St. Thomas, and Bermuda. On Saturday night last, a farewell ball and dinner were given on board, when speeches were made by Mr. Simon Ford, and others, expressing the delight of the passengers on the cruise and regret that it was then nearing its completion.

Among the passengers making the cruise were the following from Ohio: Cleveland, Mr. and Mrs. A. E. Jacobs, Mr. and Mrs. Meyer Jaskulek, Akron, Mr. Henry B. Manton, Miss Helen Wells, Massillon, Mrs. Clara D. Putnam and Miss Helen Putnam.

ARCHBISHOP ENTHRONED.

Ottawa, Ont., Feb. 23.—Prelates and priests from many Canadian dioceses attended the enthronement here today of the Most Rev. Mgr. Gauthier as Roman Catholic archbishop of Ottawa, in succession to the late Archbishop Duhamel. The solemn service was conducted in the Basilica, a large edifice which was much too small to accommodate all who desired to attend. The ceremony was a most impressive character. At its conclusion the new archbishop and the visiting prelates were entertained at a reception given by Sir Elzear and Lady Taschereau.

BANQUET

AT THE SEILER HOTEL FOLLOWED THE INSTITUTION OF A NEW LODGE.

Charter List of Thirty Members of An Order to Promote Good Fellowship and "Drive Away the Blues."

There is no city in Ohio that has more fertile soil for the planting of ideas and there is no atmosphere more conducive to the growth of the lodge conducive to the healthful development of the lodge.

ment of luxuriant fruitage than in Newark. This is true at all times, and every society or lodge having for its object the betterment of the moral and material condition of its members, as well as the fostering of good fellowship among its members, has never had any difficulty in taking firm root in Newark.

Of the latter class is the American Order of Apes, which had its conception and birth at the Seiler Hotel Wednesday evening, when a charter list of thirty took the obligations of the order, and Newark Lodge, No. 1, A. O. of E., was launched upon its career.

The primary object of the order was announced to be the promotion of closer social relations among the members, as well as enhancing the community of enjoyments of the good things of life and an appreciation of those opportunities to look upon the brighter side of our existence.

Newark Lodge is the first to be organized, but the growth of the order, as well as the dissemination of its principles, is not to be bounded by any lines of latitude or longitude. The order of exercises of instruction were over by 9 o'clock, with the election of officers, and the decision, after some discussion, to close the charter, and a splendid banquet was served in the hotel dining room and a most pleasant evening was spent by the kindred spirits present, the meeting not breaking up until a late hour. The officers and charter list are as follows:

President—John Mohlenpach.
Vice President—C. F. Legge.
Secretary—F. C. Boyer.
Treasurer—Richard Matthews.

Members—John Mohlenpach, F. C. Boyer, Harry Rodgers, A. H. Seiler, H. Turner, Jack Williams, John Kates, John Maybold, Chas. Wagonheim, Geo. Wells, F. Linke, R. L. Burch, Louis Schick, Dan Murphy, C. F. Legge, Richard Matthews, Chas. Kirt, Geo. Maybold, Chas. Bingham, O. T. Rodgers, Joe Diebold, Frank Seitzel, Wm. Kaiser, H. A. Hoffman, Leo Diebold, John Evans, Jno. Stapleton, A. J. Irwin, Frank Spaulding.

Before the above there were several guests and representatives of the press, the latter being Henry C. Cochran of the American Tribune, Julius Buch of the Newark Express, and George E. Beck of the Advocate.

The banquet was elaborate in all of the appointments, and was featured by the quality of the cuisine and a faultless service.

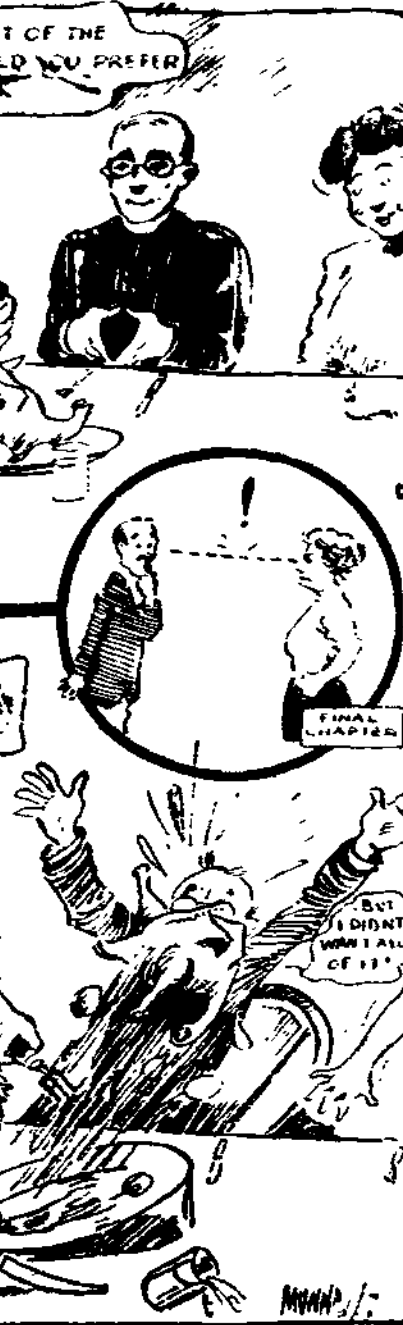

The guests were each given place cards with the emblem of the new order most artistically executed in colors by Miss Elizabeth N. H. daughter of Mr. W. H. Neff of Central Ave.

whose work along this line is sure to attract attention for its excellence.

Mr. R. L. Burch acted as toastmaster for the occasion and his remarks in general, as well as in the presentation of the various speakers, whose remarks kept going a constant flow of movement and good-natured social intercourse.

Those present partook of the following menu:

Oyster Cocktail in Ape Ear.
Nuts Del Toes.
California Celery Ape Grown.
Consomme Ape Shank.
Saratoga Chips Ape Fried.
Roast Turkey for the Apes.
Screaming Dreaming Cranberry Sauce Ape Claws.

COMMUNICATED

Editor the Advocate:
When I was in Newark at Christmas time I noticed that some one had placed some very unsightly wooden barricades across the "cut-off" paths that were being worn in the grass of the court house park. In accordance with the discussion at the recent Board of Trade meeting for the improvement of the Park, I suggest the plan followed in the South parks of Chicago. In the South parks there is no prohibition against walking upon the grass, but whenever a large amount of travel takes one direction and a path begins to appear in the grass a small iron chain is stretched across the embryo path. This chain is perhaps six feet in length and is suspended between two iron stakes, perhaps an inch and a half in diameter and five feet long, three feet above the surface and two feet in the ground. Travel is at once diverted and the lawn retains its beauty. The stakes are easily pulled up and their location changed as occasion demands. They are slightly, inexpensive and easily used, and, as a result of their use, the lawns of the South parks in Chicago are the finest that I have ever seen, although thousands of persons walk upon them daily.
